

Parking Reminder

Please help us in keeping your children safe by following the guidelines established by American Heritage School and included in **the Parent Handbook Section 15.21 Carpool Procedures**. By adhering to these parking provisions we make our roadways and parking lots a safer place for everyone.

- Please do not stop or park adjacent to a red curb or within 10 feet of a crosswalk. Please do not park adjacent to a yellow curb. The yellow curb is for active loading and unloading only.
- Please do not leave your vehicle unattended during carpool hours (8:00-8:45 a.m., 11:15-12:00 noon, and 2:45-3:30 p.m.) unless you are in a designated parking stall in one of the school parking lots.
- Under no circumstances should unattended vehicles be left with the engine running (with or without children in the vehicle).
- Students should load and unload while the vehicle is stopped along the curb, next to the sidewalk, or in a designated parking stall. Do not stop in the middle of the carpool traffic lanes to load or unload students. This encourages students to leave sidewalks, and enter the carpool traffic lanes between parked or stopped vehicles to load or unload. This practice is dangerous.
- Please do not stop or park across from sidewalks on the opposite side of the car pool traffic lanes unless there are designated parking stalls (including along the east side in the rear north of the garbage dumpster and under the basketball hoops). This invites students to cross dangerously through the carpool traffic lane, and is disruptive to traffic flow.

We love and appreciate you and your children. Please accept this "Parking Reminder" as an effort on behalf of American Heritage School to ensure the safety of all on campus.
